A prior stroke on the right side of his brain disabled him and now this stroke on the left side of the brain leaves no hope. He cannot talk and is fed with a spoon. However, Olguita and her supportive husband say she will be able to manage with the help of her loving family. They have also welcomed Olguita's mother into their home. They are extremely busy caring for these three elderly folks and desires our prayers. Olguita sends her greetings and blessings to us at Community Mennonite.
